

The **Plant Science** program of study focuses on the science, research, and business of plants and other living organisms. In it, students learn how to apply biology and life science to real-world life processes of plants and vegetation, either in laboratories or in the field.

Work-Based Learning

Flowers of the Month | Event Catering | Mum/Garter Making

CTSO

Texas FFA

Exploration

Principles & Elements of Floral Design

Investigation

Greenhouse Operations & Production

Application

Advance Plant & Soil Science

Preparation

Landscape Design & Turf Grass Management
